## This Week at Our Parish School

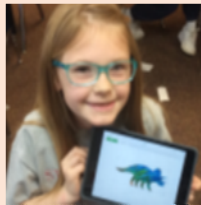

*Come see what Catholic education is all about!*

### Dinosaurs + 2<sup>nd</sup> Graders + Technology = Dino-mite Learning!

Every spring, SFA second grade students write about dinosaurs and create shoebox dioramas. In class, students use their iPads to create a Chatterpix presentation which gives a voice to their pictures, and to make bar graphs comparing the height and length of different dinosaurs. Technology has made learning about dinosaurs more hands-on and a lot more fun!

### Is Ballroom Dancing Really Exercise?

Middle school students in Coach Scarborough's PE class learned that ballroom dancing is a great form of exercise. Frequent stopping, starting, and changing direction pushes the body to burn up to 500 calories per hour! Partner dancing uses not only the large, powerful muscles that move you through life, but many of the smaller, accessory muscles that are not challenged by normal daily activities. Dancing is also low impact, toning muscles and improving coordination without stressing joints.

### Students Participate in Operation Rice Bowl during Lent

SFA middle school students again participated in Operation Rice Bowl sponsored by Catholic Relief Services. Students are invited to pray with their families and faith communities, fast in solidarity with those who are hungry, learn about our brothers and sisters around the world, and give sacrificial contributions for those in need. Mrs. Odom's 8<sup>th</sup> grade religion students helped collect, sort, and count donations. Our students collected over \$875 for Operation Rice Bowl!
